Class Dojo User Guide

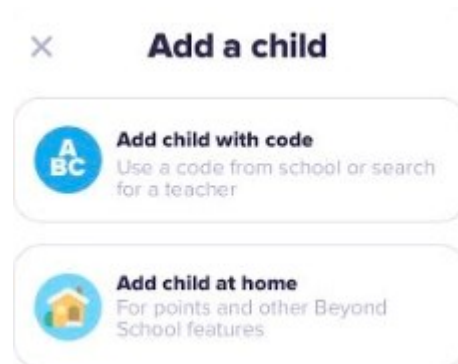

To add a child (or to re add if you no longer have access to your child’s account)

1. From the main page, click on the “add child” icon at the bottom of the screen.

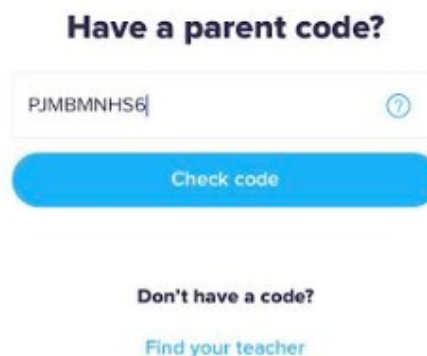

2. Select “add child with code”

3. Input the code given by school.

Work and posts should be seen on the main screen/newsfeed

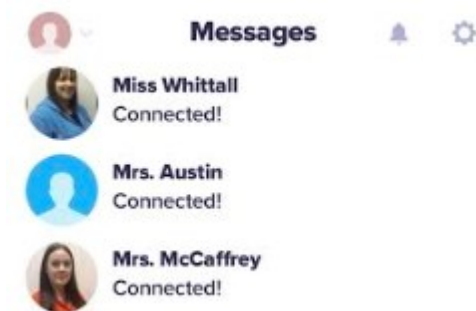

To send work via a message

1. Select “messages” at the bottom of the screen.

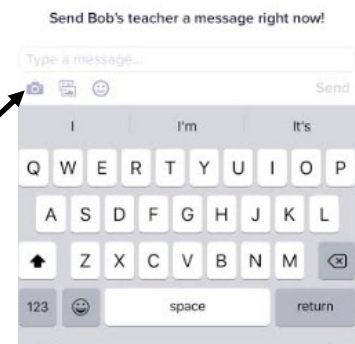

2. Select the teacher you would like to speak to/send work to.

< **Nicola Whittall**
Bob's teacher

3. Either type a message, or post a photo or file by clicking on the icon

To post work in a portfolio.

1. Click on the head icon in the corner of the screen.

2. Select your child's account.

3. Select where it says either "activities" or "no activities"

4. Above where it says "this is your child's portfolio select "create new"

This is your child's portfolio. You...
