

SHARE POLICY & PROCEDURE

Pupil Mental Health and Wellbeing – Primary

Millbridge Primary Academy

Version	3.0
Name of policy writer	Lauren McCaffrey
Date of last review	September 2025
Date of next review	September 2026
Approved by Trustees	9 th October 2025

1. Policy statement

- 1.1 SHARE MAT believes in 'Valuing People, Supporting Personal Best'. Caring for the mental health of the people who make up our community is a vital part of achieving this overarching aim.
- 1.2 SHARE MAT academies aim to promote and support positive mental health and wellbeing for their whole school community (pupils, staff, and families) - recognising that children's mental health is a crucial factor in their overall wellbeing and can significantly affect their ability to learn and achieve.
- 1.3 We pursue this aim using both universal/core whole school approaches, and where required, we use specialised, targeted approaches.
- 1.4 The World Health Organisation's defines mental health as: "a state of mental well-being that enables people to cope with the normal stresses of life, realise their abilities, learn well and work well, and contribute to their community."
- 1.5 The Department for Education (DfE) recognises that: "in order to help their children succeed; academies have a role to play in supporting them to be resilient and mentally healthy".
- 1.6 At SHARE MAT our role is to help children:
 - Manage times of change and stress
 - Feel supported to reach their potential or access help when they need it
 - Understand what they can do to maintain positive mental health and make sense of what can affect their mental health
 - Recognise how they can help reduce the stigma surrounding mental health issues
 - Identify where they can get help and support.
- 1.7 SHARE MAT remains committed to ensuring effective mental health and wellbeing support is offered to all pupils and staff. We have committed to appointing and training a Designated Mental Health Lead (DMHL) in each academy, ensuring that the safeguarding of pupils' emotional wellbeing is a priority.

2. Scope

- 2.1 This policy is a guide to all staff – including non-teaching staff and volunteers – outlining Millbridge Primary Academy's approach to promoting mental health and emotional wellbeing. It should be read in conjunction with other relevant school policies.

3. Legal and statutory framework

- 3.1 Schools have a legal duty to promote the welfare of their pupils, which includes their mental health and wellbeing, and this is guided by statutory guidance and frameworks.
- 3.2 Mental health is an integral part of safeguarding responsibilities as set-out in the statutory guidance for schools in Keeping Children Safe in Education.
- 3.3 The SEND Code of Practice states that schools must provide adequate support for pupils with special educational needs, including those related to mental health.
- 3.4 Mental health forms part of the statutory curriculum for Relationships and sex education (RSE) and health education.

4. Policy aims and objectives

- 4.1 SHARE MAT is committed to supporting the mental health and wellbeing of pupils, staff and other stakeholders. This policy focuses on pupils' mental health and aims to:
- Set out the school's approach to promoting positive mental health and wellbeing.
 - Increase understanding and awareness of common mental health issues.
 - Support staff to identify and respond to early warning signs of mental ill health.
 - Provide guidance to staff on their role in supporting pupils' mental health and wellbeing.
 - Provide support to pupils suffering mental ill health and their peers and parents/carers, including access to help, support and resources

5. Role and responsibilities

- 5.1 All staff have a responsibility to support pupil mental health and wellbeing:

Role	Responsibilities	Contact
All staff (Including teachers, TAs, wider support roles and volunteers)	Promote positive mental health, create a safe and inclusive environment, and be aware of the signs of mental health challenges, supporting pupils as appropriate. Report concerns following academy procedure/practice.	
Pastoral staff	Provide direct support to pupils, often acting as the first point of contact for those experiencing difficulties.	
Designated Mental Health Lead	Facilitate and monitor support for individuals, provide training and liaise with external services.	Stuart Harris Head of Inclusion
DSL and SENDCo	Monitor and evaluate the approach to supporting mental health – checking the quality and impact of support provided. Support the DMLH.	Emily Walsh, AHT Karli Dransfield, AHT
Headteacher		Rhona Pleasant, HT
Executive Leadership Team	Write and update this policy, support Headteachers to review the quality of its implementation in supporting pupils with their mental health and wellbeing. Report to the Trust Board.	Lauren McCaffrey, Executive Principal
Trust Board	Review this policy and evaluate reports about academies' plans for raising awareness of mental health issues and for helping pupils maintain good levels of mental health.	

6. Procedures and implementation

- 6.1 Mental health issues come in many forms and manifest themselves in a wide range of ways including:
- Resilience, self-esteem and confidence worries
 - Stress, anxiety and depression
 - Eating disorders
 - Self-harm
 - Suicidal ideation

- 6.2 Support for mental health and wellbeing sits in four layers:

Prevention:

- Creating a safe and calm environment where mental health problems are less likely.
- Improving the mental health and wellbeing of the whole school population.

Share MAT Pupil Mental Health and Wellbeing Policy and Procedure (Primary)

- Equipping pupils to be resilient so that they can manage the normal stress of life effectively.

This layer of support can also be called the 'universal/core offer' and includes:

- Implementing a curriculum which promotes a culture of prevention and self-care
- Teaching pupils about mental wellbeing through the curriculum and reinforcing this teaching through school activities and the wider whole school ethos
- Upskilling families through sharing information, signposting external resources/courses and providing workshops.
- Providing pupil leadership opportunities to support peers: Team Captains, Councillors, Play Leaders
- Providing safe spaces in school with accessibility to key adults.

Identification:

- Recognising emerging issues as early and accurately as possible - through a safeguarding concern, a change in behaviour or other concerns raised around attendance or punctuality.
 - Discussions with families, teaching staff and SEND/Pastoral teams would take place to determine the level of mental health need and whether the pupil requires intervention beyond the 'universal/core offer' of support.

Early support:

- Helping pupils to access evidence based early support and interventions. This could be through:
 - Daily/regular check-ins with a key adult
 - Support from Head of Inclusion and/or Pastoral Support Worker – either through informal interactions or through targeted and specific interventions
 - In-school emotional and wellbeing (EWB) support through a group or 1:1 series of sessions (including ELSA support).
 - Discussion with family and friends about how they can support the pupil

Access to specialist support:

- The creation and implementation of a safety plan and/or risk assessment, with possible use of a Support to Regulate Plan where mental health can affect behaviour to the point of reaching 'crisis'.
- Working effectively with external agencies to provide swift access or referrals to specialist support and treatment - either as a result of concerns escalating or in reaction to a crisis/disclosure which would put the pupil (or others) at risk of significant harm:
 - [Kirklees Keep in Mind](#) (Including - School nurse referral – Locala 0-19 Service)
 - Locala Single Point of Contact (SPoC) – 0300 304 5555
 - E-Referral process
 - GP appointment
 - [CAHMs Crisis Line](#) (for urgent help)
- **Staff, parents and pupils are advised to only make use of Accident and Emergency Departments and/or 999 IF there is an immediate risk of significant harm.**

6.3 Pupils will be encouraged to seek support for themselves or others by:

- Talking to a trusted friend, family member or adult about how they are feeling
- Identifying the main worries or problems they are facing and considering how to effectively manage those feelings
- Seeking support from staff in school where this is needed. In the first instance this support, and guidance could come from their class teacher, or Pastoral Team - this will most likely be a member of staff who they are comfortable talking to

Share MAT Pupil Mental Health and Wellbeing Policy and Procedure (Primary)

- Sharing concerns using the '[Tell us something](#)' (change link) facility on the school's website
- Accessing online support through websites such as:
 - [Young Minds](#)
 - [West Yorkshire Night Owls Helpline](#)
 - [Childline](#)
 - [Samaritans](#)
 - [Shout](#)
 - [NHS 111](#) (if medical help is required)
 - [Papyrus](#) (suicide prevention 'Hopeline')

- 6.4 The Special Educational Need or Disability (SEND) Code of Practice states that, "Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder."

Under the Equality Act (2010) it legislates that schools should make reasonable adjustments to avoid children with disabilities being disadvantaged, including providing extra support, aids and services and not directly or indirectly discriminate against, harass or victimise children with disabilities through school practice. At SHARE MAT, we know that it is important a pupil's SEND need is understood and this forms part of a wider understanding of that individual pupil's Social, Emotional and Mental Health (SEMH) needs to avoid discriminating a pupil with a SEND need from accessing appropriate mental health and wellbeing support.

A pupil's mental health and wellbeing needs will be assessed and supported as appropriate when behaviours exhibited cause disruption or risk of harm. Mental health needs will always be considered when deciding on whether to suspend/exclude a child – use of the behaviour policy may be adapted in light of need. Mental health needs will be evaluated and/or reviewed as part of reintegration processes.

7. Monitoring and evaluation

- 7.1 The policy will be reviewed every year to assess and evaluate its implementation and impact. Individual academies should include targets for measuring and improving the mental health of pupils as part of School Improvement Planning, the self-evaluation process and in reporting to the Executive Leadership Team and the Trust Board.
- 7.2 The policy will be promoted and implemented throughout the academy and can be seen in all aspects of school life from curriculum planning to pastoral support.

8. Training and awareness

- 8.1 All staff at SHARE MAT are supported to be confident in their knowledge of mental health and wellbeing. The report of the Children and Young People's Mental Health and Wellbeing Taskforce recommends that staff working with children and young people in universal settings, including schools, should "receive training in children and young people's development and behaviours but should not be expected to replace specialist services." (PHE, 2015).
- 8.2 Some members of SHARE MAT school pastoral teams may be trained mental health first aiders who support and train the wider staff body to be able to identify mental health needs early in children.

Share MAT Pupil Mental Health and Wellbeing Policy and Procedure (Primary)

- 8.3 Annually, through safeguarding (and wider) training, all staff are given information about mental health and wellbeing in pupils and are given the opportunity to ask questions and seek support.
- 8.4 Staff are reminded regularly to treat mental health and wellbeing issues seriously and report concerns immediately to the most relevant staff member.
- 8.5 Staff who deal with issues of mental health and wellbeing will also be offered adequate and regular supervision opportunities to mitigate the impact that this may have on them as a professional. This will also help to ensure that the right services and agencies have been considered with regards to the support offered to the pupil.
- SHARE MAT DMHLs will receive training to strategically lead Mental Health and Wellbeing across the academy. They will network with other professionals across the local authority by taking part in local networks and training – key messages/training points will be disseminated to the wider team.

9. Equality and diversity statement

- 9.1 If a person's mental health condition meets the legal definition of a disability, they are protected from discrimination under the Equality Act 2010. SHARE MATs equality statement identifies the objective to advance equality of opportunity between people who share a protected characteristic (in this case potential disability) and those who do not.

10. Linked policies

- 10.1 This policy is directly linked to and should be implemented in conjunction with:

- [SHARE MAT Safeguarding and Child Protection Policy & Procedure](#)
- [SHARE MAT SEND Policy and Procedure](#)

In addition to the following sources of guidance:

- [Keeping Children Safe in Education](#)
- [Mental health and behaviour in schools](#)
- [Promoting and supporting mental health and wellbeing in schools](#)
